Re: **Centennial Place Phase 1 & 2**
Letter of Reference
Our File # 0400183-4:081100

Dear Mr. Larrett:

CP Distributors Ltd. played a significant role in the project carrying out a contract that included the supply of hollow metal doors, pressed steel frames, washroom accessories, floor grilles, stair tread inserts, and the supply and installation of door hardware, toilet partitions, shower partitions, lockers, mail boxes, bike racks, and benches.

CP Distributors Ltd. allocated experienced and dedicated staff throughout the duration of the project, from contract award to project completion, providing excellent coordination and management of submittals, pricing and material procurement. The commitment to the project was seen from every level within the organization, from ownership to installers.

The Centennial Place project was an important and high profile project to PCL, and we are appreciative to have had CP Distributors as a partner. This was not an easy project as it was completed under some very challenging conditions; however CP Distributors succeeded and can be proud of their accomplishments.

PCL Construction Management Inc. takes this opportunity to thank your office and field staff for their commitment demonstrated over the course of this project. Once again, many thanks and we look forward to working together on future projects.

Yours truly,

PCL CONSTRUCTION MANAGEMENT INC.

Derek Pearce
